

# Probable summary statistics table

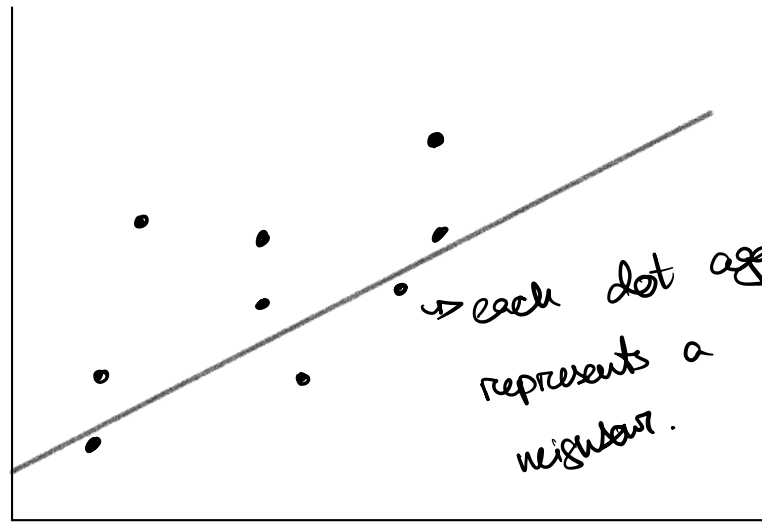

Neighbourhood	Population	Crime1	Crime2	Crime_rate1	Crime_rate2
Avondale	#	#	#	#	#
Douglas	#	#	#	#	#
.					
.					
.					
.					
.					

↳ Hypothetically, there x number of rows representing all the neighbourhood, with their corresponding crime rate and crime count #s, along with population figure in each neighbourhood

Graphically

Crime 1 - rate

→ each dot again represents a neighbour.

Population

→ This graph would be repeated for all crime types.
